

## Chris Boersma, CET

Senior National Property Specialist

Edmonton, AB

### Overview

Chris Boersma is a Senior National Property Specialist with over a decade of industry experience. He began his career in 2014 as a Construction Estimator, later gaining field experience as a Quality Control Technician and Project Technician, and advanced estimating experience as a Chief Estimator. This background in construction and engineering provides him with additional insight into project cost analysis and building appraisal.

Chris has worked on a number of large residential, commercial, and industrial losses, including a \$4M fire loss on a dairy farm in 2020 and ongoing property damage appraisal services for the City of Edmonton. He holds a Certified Engineering Technologist (CET) designation and completed a Diploma in Civil Engineering Technology at the Southern Alberta Institute of Technology.

### Education & Professional Development

- Certified Engineering Technologist (CET)
- Civil Engineering Technology Diploma – Southern Alberta Institute of Technology
- Cost Estimating I/II/III and Construction Estimating IV – George Brown College
- Member – Association of Science & Engineering Technology Professionals of Alberta (ASET)
- Associate Member – Canadian Institute of Quantity Surveyors (CIQS)

### Specialties

- Cost Consulting
- Quantity Surveying
- Infrastructure Inspection
- Project Management
- Construction Bid Document estimating, preparation, and tendering
