

Daniel Lamoureux

National Property Specialist

Calgary, AB

Overview

Daniel Lamoureux is a National Property Specialist based in Calgary. He brings over a decade of experience in land surveying and construction to his work with Pario Quantify. His background includes extensive work on oil & gas projects as well as owning and operating a successful home renovation business.

In 2022, Daniel transitioned into his current role as a building consultant and property appraiser. His past experience enables him to support a wide range of residential and commercial property losses, including contents appraisals and specialty claims. Daniel is also committed to continuing education and has completed a number of certifications and additional training.
