

## Eric Van Katwyk

Senior National Property Specialist

Calgary, AB

### Overview

Eric Van Katwyk is a Senior National Property Specialist with an extensive background in construction and restoration. He began his career as an Apprentice Carpenter before moving into the restoration industry as a Restoration Technician. Eric later became a Project Manager for numerous regional and national restoration companies, gaining valuable experience in insurance losses. In 2021, he began his current role as a Cost Consultant for MBC Group, which was acquired by Pario Quantify in 2025.

Eric is well-versed in managing the requirements of insurance losses, including creating scopes of repair, developing and maintaining budget and timelines, and coordinating mitigation and repairs to pre-loss conditions. Eric's attention to detail and deep understanding of construction and restoration work gives him valuable insight into a wide range of property losses.
