

Jeffrey Ng

National Property Specialist

Burnaby, BC

Overview

Jeffrey Ng is a National Property Specialist and cost consultant with over 17 years of experience managing complex construction and infrastructure projects, including multi-million-dollar oil & gas builds in northern Alberta. He delivers accurate, defensible reporting from forensic cost assessments to RFQs and reconstruction oversight.

As a former project manager and QA/QC lead, Jeffrey has executed large-scale pipeline and SAGD installations under demanding timelines and strict regulatory oversight. He now applies his technical experience to high-value insurance claims across residential, commercial, and industrial sectors.
