

John Buckley

National Property Specialist

Burnaby, BC

Overview

John Buckley is a trusted quantity surveyor and construction consultant with over 35 years in the industry providing forensic cost analysis, schedule validation, contractor oversight, and strategic cost consulting.

John's experience in complex, high-value projects has involved multi-residential towers, municipal infrastructure, commercial developments, and bespoke custom homes. He is also a court-recognized expert by the Supreme Court of British Columbia, known for his expertise in post-loss appraisals and insurance disputes.
