Mark Kummer

National Property Specialist

Calgary, AB

Overview	Mark Kummer is an experienced professional with nearly thirty years of background in Senior Project Management. He has been directly responsible for high value claim files including profit and loss, claim resolution, quality control and management, and more. He has managed restoration construction projects and residential renovations from start to finish, and has experience meeting and negotiation with engineers, architects, City officials, and building inspectors. He liaises directly with insurance companies and adjusters, ensuring accurate estimations are provided on all claims, and he consistently surpasses company expectations on gross profit margins.
