

Derek Ogonoski, CET, CPPA, HAAG

Director, Western Canada

Edmonton, AB

Overview

Derek Ogonoski leads the Western Canada team with over 35 years of experience in the Post-loss Appraisal and Building Construction industries.

In his current role, Derek provides key oversight and leadership to ParioQuantify's team of cost consultants and appraisers in the Prairies, delivering valuation and cost consulting services for insurers, municipalities, and legal stakeholders. His diverse experience includes Large Total Losses, Catastrophe Loss, Estimating, and Project Management. His property claims knowledge consists of Residential, Commercial, Industrial risks across a broad scope of size and complexity.

Derek is a highly qualified leader who consistently delivers excellence for his clients and enjoys opportunities to mentor young professionals in appraisal and construction practices. He is recognized by Industry partners for his expertise, integrity, and ability to manage cost control during the claims process.
